

ELECTRIC BELT SANDER

BUILT FOR PROFESSIONALS, *NOT FOR HOBBYISTS.*

Our tools are designed to help you make a living. AirVANTAGE Orbital Sanders feature commercial grade components and reinforced construction, empowering you to take on jobs with confidence and efficiency. Most tools sold at big box stores only work right out of the box. Don't let cheap tools throw a wrench in your business. Airvantage tools won't quit until you're ready.

LOW VIBRATION

Its low vibration level ensures smooth operation and reduces hand fatigue during usage.

QUIET OPERATION

Average decibels (dB) level of 65; more quiet than traditional pneumatic tools.

ADJUSTABLE SPEED

Adjustable speed settings: 10,000 - 20,000 (+- 1,000/click) RPM/Minute. Belt speed 4637 SFPM.

ENERGY EFFICIENT

Provides superior sanding with less energy demand when compared with pneumatic tools.

Anatomy of a

STRONGER SANDER

- CONSISTENT PERFORMANCE WHEN AIR SUPPLY IS INADEQUATE OR MOBILITY IS NEEDED.
- CONSTANT SPEED UNDER LOADING, RESULTING IN HIGHLY EFFECTIVE SANDING RESULT COMPARED TO COMPETITORS.
- AIRVANTAGE BRUSHLESS MOTOR PROVIDES QUIETER OPERATION, LESS VIBRATION, AND LONGER LIFESPAN THAN BRUSHED MOTORS.
- CHANGEABLE ARMS AVAILABLE: 1/2" X 18" AND 3/4 X 18"
- DYNAMIC ANGLE ADJUSTMENT PROVIDES GREATER MANEUVERABILITY.
